OBJECTIVE

A motivated and enthusiastic student pursuing Computer Science with a keen interest in Web Development. Seeking opportunities to apply my skills and gain hands-on experience in a challenging environment.

EDUCATION

Bachelor of Computer Science[AI-ML], Karunya Institute Of Technology and sciences 2023 - 2027
INTERMEDIATE [MPC] ,SRI CHAITANYA JUNIOR COLLEGE 2021 - 2023

SKILLS

Technical Skills	Python, JAVA, MongoDB
Frameworks	React, Flask,
Soft Skills	Team Collaboration

PROJECTS

Smart Process Manager: Developed a system monitoring tool using Flask and Smart Process Manager, featuring a recommendations tab, CPU/GPU usage, and background processes display. Integrated Python Flask for the backend and real-time system stats, enabling process management, monitoring, and actionable insights for optimized performance in dynamic and production-grade environments..

MERN TODO APPLICATION: Built a MERN stack TODO app with robust features like user authentication, role-based access, and JWT for secure sessions. Implemented task management with MongoDB for data persistence, Express.js and Node.js for backend APIs, and React.js for a dynamic frontend, ensuring seamless CRUD operations and responsive user experience..

E-Commerce Website: Developing a PHP-based e-commerce application with admin and user dashboards, product management, item listings, and cart functionality.

EXTRA-CURRICULAR ACTIVITIES

- Member of YRC CLUB

LEADERSHIP

fosters open communication, delegates tasks, encourages accountability, inspires motivation, and promotes teamwork to achieve collective goals.
